NRO REVIEW COMPLETED

UNITED STATES INTELLIGENCE BOARD

MEMORANDUM FOR THE UNITED STATES INTELLIGENCE BOARD

SUBJECT : USIB Action on COMOR Biweekly Report on High-Level Coverage of Cuba and Related Matters

REFERENCE : USIB-D-41.14/79 (COMOR-D-24/93), 15 October 1963,  
Limited Distribution

USIB, at its 16 October meeting, [redacted] Deputy Director, NRO, present, considered and took the following actions on the referenced COMOR biweekly report on high-level coverage of Cuba and certain related matters which were raised in this discussion:

a. Noted the referenced COMOR report.

b. Noted a report by [redacted] on preliminary information regarding the high resolution of recent overhead photography of Cuba by the 112A camera which he had received from the Director, National Photographic Interpretation Center.

c. Noted the Chairman's statement that the results of this special photography as soon as available should be studied immediately to determine whether a complete mosaic of Cuba should be prepared and his request in this connection that DIA provide him with its views on that matter.

d. Noted, as indicated by [redacted] in further discussion pertaining to b. and c. above, that COMOR would consider the question of requirements for coverage by the 112A camera, possibly at its 18 October meeting if the necessary information was available, and make a recommendation to USIB, as soon thereafter as feasible, regarding needs for either reflying the camera over Cuba or employing it over some other area.

e. Noted, with reference to a discussion with [redacted] regarding the immediate future scheduling of a color mission over Cuba, that the Chairman wished NRO to advise him why a recent mission to meet an intelligence community requirement for color photography of Cuba, which had been directed by NRO, had been diverted by SAC.
